This aesthetically superior designed system has enriched formulations in a touch-free dispenser. This reduces the chances for cross-contamination and encourages healthy hand washing.

System Features

- SmartSensor™ and patented technology detects user's hand to automatically dispenser a controlled dose of foaming gel wash.
- Interference Tone – if an object is in field for more than 10 seconds a beep tone will sound.
- Green LED flashes when object is in field.
- Yellow LED light blinks when battery life is low.
- Red LED light blinks when refill is low or empty (at 2,600 doses). The light will flash 1 time every 2 seconds, and beep 2 times every 8 seconds to indicate the refill needs replacing.
- On/Off Tone Switch allows the user to turn off/on the tone for low battery/low soap indicator. This can be done after the set up is completed.
- Installation Set Up – Dispenser must be installed far enough above the counter (greater than 5 ½") to prevent interference with the sensor.

System Specifications

- Up to 2,750 hand washes
- Refill pouch fill volume: 1100 mL
- Mounts to a wall with screws and anchors or double-sided tape
- Battery requirements: 4 C-Cell alkaline batteries
- Two plus years battery life (120,000 cycles)

The Refills

TC Enriched Foam Soap comes in a variety of formulas that encourage hand washing and meet your requirements from general washing to higher sanitation in the food service and healthcare environments.

Lotion with Moisturizers Foam Soap

Specially formulated for frequent hand washing. Contains extra mild cleansing ingredients and enriched with moisturizers to help soothe and soften the skin. Rinses clean. pH balanced. Pleasant light citrus scent. Light blue.

Antibacterial Foam Soap

Unique formulation provides 99.9% germ kill of harmful bacteria, yet mild enough for frequent use. Contains special moisturizers to help keep skin smooth and healthy. Rinses clean. pH balanced. Fragrance free & dye free. Clear. Contains 0.5% Triclosan.

E2 Antibacterial Foam Soap

Specialized formulation contains 0.5% Triclosan for 99.9% germ kill against gram positive and gram negative bacteria common found in food service and healthcare environments. Helps reduce the risk of cross contamination and meets the E2 requirements for food preparation areas. Rinses off easily. pH balanced. Fragrance free & dye free. Clear.
